

# Saugus Union School District: Measure EE News

## Measure EE: What's Done; What's Next?

Since November of 2014, when Measure EE passed, the leadership of the Saugus Union School District has been hard at work identifying priority projects that fit under the auspices of the funding bond. This comprehensive list of projects will do amazing things for the District, including

bringing improved safety and security to all of our campuses, modernizing our technology and delivering common sense physical plant changes that better allow campus visitor flow.

This newsletter update gives you a continuing look at the flow of projects that are being funded by Measure EE. From those that have already been completed, to those that are currently underway, to those that are being prepped and, finally, to those that are in the planning stages. The District remains committed to be fully transparent about every dollar spent so that our stakeholders—you—understand the benefit of the bond and the benefit to the students of the District. As always, we welcome your input and questions.

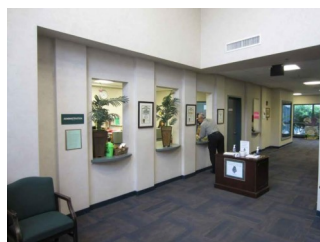

Our goal remains the same: Academic and Personal Success for Every Child.

*Fence upgrades are underway for Mountainview Elementary*

*Lobby remodels for Bridgeport (l) & North Park (r), estimated for Aug. 2017*

*New security lock upgrades*

## Saugus Union School District

The Saugus Union School District is located in Santa Clarita Valley in Northern Los Angeles County. Currently, we have nearly 10,000 students attending fifteen schools. Each school site offers unique programs and opportunities for every child to achieve academic and personal success. We offer preschool programs on all campuses and have more than 500 preschoolers enrolled.

We proudly acknowledge that all 15 of our schools have received state/national recognition. Fourteen schools were awarded California Gold Ribbons in 2016. Additionally, 14 schools have been recognized as California Distinguished Schools, many of them more than once. Three schools have been recognized as California Title I Achieving Schools and five schools have been recognized as National Blue Ribbon Schools.

Saugus Union School District has an active parent participation at all sites with School Site Councils and Parent Teacher Organizations supporting community and educational needs at each school. Representatives of these organizations join together to form the Parent Advisory Committee (PAC) to meet and share information under the leadership of the Superintendent.

## Measure EE: Completed Projects

Since November 2016, Measure EE funding has been used to complete the following projects:

- ◇ Installation of Interactive Flat Panels (IFPs) in all classrooms at all schools in the district
- ◇ Site grading and drainage at Helmers
- ◇ Reconfiguration of front of school/single point of entry for Highlands Elementary and Santa Clarita Elementary
- ◇ Installation of parking lot control gates for Plum Canyon Elementary
- ◇ Updated communications/PA system for Skyblue Mesa Elementary

## Measure EE: Projects Underway/In Planning

- ◇ Complete site specific master plans for all campuses. These site specific plans set in motion phases 2-4 listed in the Comprehensive Master Plan and include meetings to review each phase's proposed project scope to confirm existing conditions and determine locations for proposed additions, including science buildings and other potential classroom additions.
- ◇ Upgrade security system and replace all exterior door locks for all 15 campuses and the District Office
- ◇ Remodel lobby for single point of entry upgrade for Foster Elementary, North Park Elementary and Bridgeport Elementary
- ◇ Install parking lot control gates for Foster Elementary
- ◇ Upgrade site fencing for Mountainview Elementary and Rio Vista Elementary
- ◇ Reconfigure front of school/single point of entry for Tesoro Del Valle Elementary
- ◇ Continue to work on District Project Support/Special Projects
- ◇ Establish State new construction and modernization eligibility
